

NEWS

NOVEMBER 2012

Thanks to all the volunteers who came out to help on November 3 create the "rocky streambed" that will help drain the gardens at the east end of the bridge. We started with a huge

pile of stones, and working together, made them into a simulated streambed. This is yet another way in which the development of the Flowering Bridge seeks to both beautify and preserve the bridge.

HAPPY THANKSGIVING!

We are grateful for much this holiday season. We appreciate deeply the support of our Founding Members and look forward to drawing many more members to the Friends of the Lake Lure Flowering Bridge in the months and years to come. Thanks, too, to all those who have offered their best advice, consulting with us on the design of the gardens and the native plants that will bloom and grow here. Thanks to our Board Chair, Bill Miller, for his vision and leadership in making the Lake Lure Flowering Bridge come to fruition and to our board members who bring their talents and will to the effort. We are grateful for the support and encouragement from the Town of Lake Lure. The sincere commitment of all who come to this project will resonate for years to come as locals and visitors alike enjoy the beauty.

Thank you, everyone.

Gratitude is the fairest blossom which springs from the soul.

--Henry Ward Beecher

As we express our gratitude, we must never forget that the highest appreciation is not to utter words, but to live by them.

--John Fitzgerald Kennedy
