## VOLUNTEER OF THE MONTH: MITSU CHORAK

The Friends of the Lake Lure Flowering Bridge are delighted to honor Mitsi Chorak as our Volunteer of the Month for November. Since joining our group Mitsi has jumped right in to help regularly, doing whatever is needed to

keep the gardens growing. **Mitsi's Story:** *My husband, Lou and I first visited Lake Lure when on vacation to see our son who lives in Brevard. We loved the beauty of North Carolina, so the following year we purchased our home for temporary living. By the time we retired all three of our children lived in the East, two within a 3 hour drive. With three children and five grandchildren as motivation, we made our permanent move from the San Francisco Bay Area to Lake Lure. I was raised with a love for gardening by my mother. I have limited skills, but great appreciation of the beauty and purpose of plants. So it was a blessing when my friend Marily encouraged me to join her as a volunteer at the Flowering Bridge. She said I wouldn't regret it and she was right. From the first day it has been a joy. I get to play in the dirt and work beside some of the nicest, kindest, and most creative people I've ever met. I have been rewarded by learning from them. I believe that the LLFB is a perfect example of a community effort - a pedestrian walkway across a gorgeous historical bridge where visitors can gaze upon a living work of art. I am truly honored to be a part of this project and to be selected as Volunteer of the Month in the month of giving thanks.*

## NEWS NOVEMBER 2015

### FAIRY GARDENS BRING WHIMSY TO THE LAKE LURE FLOWERING BRIDGE

Each season brings something new to our gardens. Even as the plants of summer leave, our volunteers find new ways to delight our visitors with their creativity. November begins Fairy Garden time with a myriad of ideas used to design these tiny tableaux. Thanks to all those who participated this year in the Fairy Garden workshop November 6th.

In the photo above you can see that Kathy Tanner took a novel approach to her miniature scene, placing it in an old Samsonite suitcase. The little village includes a home for gnomes and fairies with its own garden, including a decorative bench, a dog in its dog house and a bird house, too.

More photos of the fairy gardens are on page 2 in the newsletter. (Note: Since our photos are small, be sure to visit the bridge to see the fairy gardens up close to enjoy all the detail.)

### REMEMBER LLFB IN YOUR END-OF-YEAR GIVING PLANS

The generosity of our donors over these first years of gardening has been critical to the success of the Lake Lure Flowering Bridge. We encourage you to think of us as you plan your end-of-year giving. Every donation helps keep our gardens growing. We are a tax-exempt 501(c) 3 organization and will happily make a tax letter available to confirm your gift. Donation information is available on our website at this link: [Donate to LLFB](#)
